

Benefits of Sensa Granite

SenSa granite is maintenance-free, premium natural granite brought to you by Cosentino, a world leader in the natural stone industry for over eighty years. SenSa granite is treated with a revolutionary stain protection treatment called SenGuard and comes with a 15-year stain warranty.

Benefits

Chemical Resistance	
SenSa will withstand the use of typical household cleaning chemicals	You can clean the SenSa Granite countertop surface with products like Windex and 409 (ammonia, alkaline or acid cleaners will not damage the SenGuard protection) as well as with products containing bleach.
Thermal Stability	
SenSa will withstand high temperatures.	Hot water, oil, food, or pots and pans do not harm, change, or effect the SenGuard stain protection. The use of trivets is always recommended to protect natural stone from thermal shock.
Mechanical Resistance	
SenGuard protection penetrates into the granite surface and is anchored to the stone.	Stain protection is durable and will not wear off as common sealers do over time.
GREENGUARD Certified	
Sensa with SenGuard is certified by the GREENGUARD Environmental Institute.	Safe surface for indoor environment.
Radon Emanation & Radiation Tested	
All SenSa colors have been tested for low risk exposure to Radon & Radiation.	<p>Sensa threshold limits:</p> <ol style="list-style-type: none"> 1. Radon emanation from granite stone below 154 pCi/Kg, which represents radon emanation below 4 pCi/L for a typical indoor kitchen. 2. Radiation below 250 CPM or 0.066 mR/hr <p>For general questions about radiation in granite please visit the following EPA Website:</p> <p>EPA Radon & Granite</p>
